GREENSBORO SPIRIT AGAIN BURSTS FORTH

Merchants Band Themselves Closer Together.

MUCH ENTHUSIASM.

At Annual Meeting Last Night Resolutions Passed Whereby Scope of Work Can Be Materially Broadened and Each Member Benefited—Petition Aldermen to Have Former School Bond Issue Validated—New Officers Elected For Ensuing Year.

In every action of the Merchants' Association at the annual meeting last night the Greensboro spirit, which has, in a measure, been lying dormant for some months, showed a predominating influence and every motion made was with a view of making Greensboro a more flourishing city and a more desirable one in which to live. The scope of the work of the association was materially broadened and it is not to be doubted but that this association will be an essential force, not only to its members, but to Greensboro at large during the coming year.

This was the annual meeting and a substantial dinner as the first item of business put every man in a pleasant mood for the business of reason to low. About seventy members of the association were present and all remained until 11:30 when the new president declared the meeting adjourned. The talks that were made were brief and to the point in order that no one might be worried by much speaking.

After the reading of the minutes of the last meeting President Bernau reviewed the work of the past year, being followed by Secretary Williams, who stated that the association was in debt at the beginning of the year and this condition existed at the close. He urged that the members accord the new officers the heartiest co-operation, especially in securing new members and the more important work taken up. He said many thought that the prime object of the organization was to keep the members posted on bad creditors and to collect accounts, but this was not the case. He read sections of the constitution which showed that one of the prime objects was to create a spirit of co-operation in all things pertaining to their business and to use their influence as an organization in making Greensboro a bigger and better city, thus bringing new industries here and indirectly increasing their business interests.

Messrs. R. C. Hood, C. H. Ireland and H. W. Clendenin were appointed to nominate directors and officers for the ensuing year. They retired and meantime Mr. J. J. Phoenix made the report of the freight rate committee, giving a number of statistics to show how Greensboro is discriminated against and sugesting how this discrimination may be overcome. He urged that the Dukes be given every encouragement to bring their line here, but thought that in turn thy ought to be required to make Greensboro one of the basis points for freight rate computation.

The directors recommended that the number of directors be increased from five to seven and this motion carried. The nominating committee recommended the following directors: J. L. Brockmann, John J. Phoenix, E. S. Wills, G. O. Fowler, C. H. McKnight, Jake Oettinger and J. M. Hendrix. They were unanimously elected. Mr. J. J. Phoenix was nominated for president and Mr. C. H. McKnight for vice president. They were elected. The remainder of the officers are to be elected by the directors, which will hold their first meeting this afternoon at 3 o'clock in the secretary's office.

Mr. Phoenix expressed his appreciation of the honor conferred on a "country merchant" and pledged his best efforts in serving the association. In turn, he said that he would expect the heartiest co-operation of the members.

Mr. R. C. Hood offered a resolution petitioning the Board of Aldermen to ask the legislature to validate the $30,000 school bond issue voted several years ago. He spoke of Greensboro's growth industrially and in population during the past decade, but regretted the fact that school facilities had not been provided to meet the demands of a growing city. Mr. E. D. Broadhurst, former city superintendent of schools, was asked to give his views. Education al facilities were the prime need in Greensboro, he said. The city has outgrown her school system and the business men should not be content until they have the best school system in the state, he declared.

Supt. J. L. Mann was called upon to tell of the existing conditions. It is necessary for some step to be taken now, he said. Last fall every kind of an arrangement had to be provided for the overflow, all of which were most unsatisfactory. In the next two years it would be impossible to accommodate the children, even with the new buildings now in course of construction. Even next fall when the new high school building is occupied we will have to still use the Davie street school, unless other arrangements are provided, he said. It was not his interests he was looking after, Dr. Mann declared, but he had been called to educate the children of the city and he did not believe the parents wanted him to neglect looking after the physical condition of their children in doing this. The conditions in both the Lindsay and Davie Street schools were such that the children could not be made comfortable.

By an unanimous rising vote the resolution was adopted and Messrs. J. M. Hendrix, C. H. McKnight and C. H. Ireland were appointed as a committee to wait on the aldermen this afternoon and request that such a bill be prepared at once.

Mr. J. M. Hendrix offered a resolution dividing the membership into classes and fixing the fees in proportion to the business done by each member. The resolution provided for six classes, the fees being $6, $12, $18, $24, $30, $36, the board of directors being empowered to classify the members and notify them of the class in which they are placed. If the classification is not satisfactory then the member meets the directors and the matter is adjusted satisfactorily to both member and directors. The resolution also repealed the former clause fixing the fees at $1 per month. This is done in order that the merchant deriving the most benefit from the association shall pay the most money into the treasury. In this way the finances of the association will, it is believed, be placed on a firmer basis. The resolution was heartily endorsed.

The Chamber of Commerce extended to the association the use of its rooms in the McAdoo building for holding the monthly meetings and this offer was heartily accepted. The meeting then adjourned, all present declaring that it was the most profitable meeting in the history of the organization.

DEATH FOUND LURKING IN CHICAGO ICE CREAM

Awful Stuff Produced in Filthiest of Surroundings.

Chicago, Feb. 9.—The federal government took a hand today in the campaign of Health Commissioner Evans and the city health department to obtain pure ice cream for Chicago. As a result of a quiet investigation, which has been conducted by Assistant United States District Attorney A. R. Hulbert, under the direction of District Attorney Edwin W. Sims, an information against three large manufacturers of ice cream was filed with Judge Kenesaw M. Landis, and bench warrants were issued for the defendants. The warrants are returnable tomorrow.

The three concerns attacked are the Thompson-Reid Ice Cream Company, McBride Bros. & Knobbe, and the Woodhull Ice Cream Company.

According to the government, Dr. A. L. Winton, head of the government food laboratories, found as many as 500,000,000 bacteria in a cubic centimeter, about a quarter of a spoonful of the cream. Most of the bacteria were colon bacilli, which abound in refuse. Inspections showed that the ice cream was made in low, filthy rooms, and that in some places the workmen stood in slimy water while mixing the cream.

B. Y. P. U. Tonight.

The regular meeting of the B. Y. P. U. will be held in the Sunday school roof of the First Baptist church tonight at eight o'clock. This is an important meeting and the membership is urged to be present.

STATE UNION OF C. E. MEETING

Will be Held on March 31-April 2.

Annual Session to Be Held This Year In Burlington—Dr. C. H. Hubble, of M. P. Church, To Tour State In Interest of Work—Dr. Hoenshel to Lecture To Elon Students Next Week—Dr. Summerbell Lectures.

Elon College, Feb. 9.—The exact date for the State Christian Endeavor Convention, to be held at Burlington, N. C., with the Christian church of that place, of which Rev. P. H. Fleming is pastor, has been set for March 31 to April 2. Dr. C. H. Hubble, field secretary of the M. P. Young People's movement in the U. S., and also president of the Michigan State C. E. of Adrian, Mich., is to conduct a 10 days pre-convention campaign on behalf of C. E., and will attend the sessions of the convention as an expert in Young People's work.

The Clio Literary Society entertainment will be held on the night of the 22d of February. The debate is on the question of increase of the navy. The affirmative is to be represented by Messrs. G. G. Holland, of Holland, Va., and C. W. Roundtree of Cypress Chapel, Va. The negative is represented by Messrs. W. R. Roberson, Washington, N. C., and F. F. Myrick, Boas, N. C., and also music will be given at this time by Messrs. O. R. Barnes in a vocal solo, and R. A. Campbell in a cornet solo.

The lectures of Dr. E. U. Hoenshel, of Dayton, Va., who has traveled extensively in the Holy Land, dealing with his travels in that country will occur on Tuesday and Monday evenings of next week. Dr. Hoenshel comes at the invitation of the Athletic Association, under whose auspices his course of lectures will be given.

Dr. Martyn Summerbell, president of the Palmer Institute, Lakemont, N. Y., and also chairman of the Asbury Palmer Board of New York City, and sometime president of the Christian Biblical Institute, Stanfordville, N. Y., has captivated the college community this week by a course of three lectures, concerned with the period of church history known as the reformation. Last year Dr. Summerbell delivered three lectures dealing with Martin Luther and the Reformation in Germany. This year he has undertaken to continue his study of the Reformation in Switzerland and France. The subject of his first lecture was Zwingli and the Reformation in Switzerland and the second and third lectures, the Rise of the Hugenots in France. These lectures are most scholarly, evidencing the almost complete familiarity with the history of this time, and show that Dr. Summerbell has a firm grasp on the fundamental principles of life and conduct influencing the men who were the chieftians in this great conflict for religious freedom and liberty of confedence. Dr. Summerbell attended chapel on Thursday morning and made an address to the student body which will not be soon forgotten. He said that he congratulated the students on two things: First that they had had judgment enough to select a small college rather than a large one, as the place of their education. And secondly that they had been pious enough to select a religious college, rather than one that was non-religious or anti-religious.

M'LEAN—KIRKMAN.

Well-Known Young Couple United In Marriage Yesterday Afternoon.

Yesterday afternoon at 4 o'clock the home of Mr. and Mrs. P. R. Lewis, Asheboro street, extended, was the scene of a quiet, but pretty wedding when Miss Sarah Kirkman became the bride of Mr. John McLean. The ceremony was performed by Rev. Flavius McCulloch, only intimate friends and relatives being present. After receiving the congratulations of those present Mr. and Mrs. McLean left for their home, about 4 miles south of the city.

BILL KILLED ON SECOND READING

Piedmont County Act Dies in House.

House Voted It Down on Second Reading by Vote of Fifty Four to Forty Two—Kirkman Favored Measure and Dillard Opposed It—Came Up In Senate, But Was Postponed Indefinitely.

Raleigh, Feb. 9.—The bill to create Piedmont county out of portions of Guilford, Randolph and Davidson came before the house at noon as a special order, the bill having majority favorable report from the committee. A minority report against the bill was filed by Representatives Buck, Roberts, Kendrick, Dixon, Kelly, Morris and Tomlin.

The argument was opened by Kirkman, of Guilford, for the bill, treating especially the great need he insisted there is in his home town, High Point, for the new county with High Point as the county seat. He reviewed the whole scope of the argument that has been laid out in detail during committee hearings.

General Carr advocated the county on the ground that he believed Piedmont would prove as good a county proposition as had Durham county.

Dillard, of Guilford, spoke at length against the county arguing that the necessity does not exist for it. He and Mr. Kirkman had a cross fire as to the politics of the proposed county, Dillard holding that it would be Republican.

Spainhour, of Burke, argued for the new county on the ground especially of the congested court docket conditions in Guilford, which county he thought would be benefited really by the erection of the new county.

Mr. Cox, of Randolph made a stirring speech against the county, from the Randolph viewpoint. He gave the names of a number of prominent citizens of High Point even opposed to the bill and paid tribute to Dr. Craven and others of Old Trinity section of Randolph that is proposed to be included in Piedmont.

Representatives Nunn, of Craven and Carter of Randolph, argued against the new county, as did Roberts of Buncombe who held that the county would clearly be Republican and he opposed it on that account more especially. Mr. Turlington spoke against the county holding that the whole state is vitally interested. He thought some policy of consolidation might do good as it had in school district development.

Mr. Nunn, of Craven, offered an amendment to name the county "Elwood Cox" instead of "Piedmont."

Representatives Parham, Kirkman and Ross spoke in opposition and Mr. Koonce, of Onslow, for the new county before the previous question was called. Then the bill went on second reading and was killed 42 to 54.

In the senate the bill to create Piedmont county out of Guilford, Davidson and Randolph received an unfavorable report, but a minority report was offered by Senator Boyden, who moved to postpone action indefinitely. Senator Hobgood objected to postponement, but Senator Boyden insisted and others favoring postponing were Senators Rascoe, McLaughlin, Cotten and Graham and the motion to postpone prevailed.

LITERARY DEPARTMENT OF THE WOMAN'S CLUB

Thackeray Will Be Discussed Saturday Afternoon At the Carnegie Library.

Saturday afternoon, Feb. 11, is the next date on the club calendar, when the literature department of the Woman's Club will meet at the library at 4:15 o'clock. This promises to be a very interesting meeting. Thackeray will be discussed.

One feature of the afternoon will be a talk by Mrs. E. Sternberger, on her travels abroad. All members of the various departments of the Woman's club are most cordially invited to meet with this department.

Bakery Sale.

To the friends and patrons of the window sale, this is a reminder that on Saturday the second sale of this season will be held. The Guild of Holy Trinity church found the sale of last week to be a success, and they will be held on the same day of each week throughout the winter. Open at 10 o'clock in the store room of Mr. J. C. Pierce, 215 South Elm street.

APPROPRIATION FOR THE NORMAL

Senator Hobgood Introduces Bill To Increase It To $100,000 Per Annum—Resolutions Honoring Late Judge Schenck and Major Morehead.

Raleigh, Feb. 9.—A number of matters of State-wide interest came up before the legislature today, some of the important proceedings following:

The Senate.

The senate convened at 11 o'clock, President Newland presiding and Rev. Mr. Eubanks offering prayer.

Petitions against the sale of near beer were presented by a number of senators, representing their constituency.

Senator Graham presented a petition from certain citizens of Davidson county asking that Piedmont county be created.

Bills Introduced.

Hobgood, of Guilford: Appropriate $100,000 annually for maintenance of the State Normal College and $100,000 annually for permanent improvements; also resolution of appreciation of the late ex-Judge David Schenck and Maj. Jos. M. Morehead for their services in connection with Guilford Battle Ground.

Sikes, of Wake: Appropriate $150,000 for erecting fire proof building for housing the state, library, state museum, hall of history and state records.

The bill for the relief of the Appalachian Training School was reported favorably and Chairman Long, of the committee on appropriations, explained that the school had failed to draw out $1,000 of its appropriation made by the last general assembly and now needed the money. Senator Brown objected for the reason that he thought this could be included in making up the appropriation for this school in the general budget. His motion to re-refer was lost and the bill passed third reading and was sent to the house.

A message was received from the governor asking for an additional clerk in the executive offices and transmitting a resolution of the executive committee of the board of trustees of the State University relating to abandoning the railroad from Chapel Hill to University Station and encouraging the electric line from Chapel Hill to Durham.

Avery County Bill Passed.

The bill creating Avery county out of Mitchell, Caldwell and Watauga passed third reading by a vote of 30 to 9 and was ordered engrossed and sent to the house.

Senator Cotten's bill to repeal the act appointing the present board of directors of the state's prison and give the governor authority to appoint only two directors in any one year and increase the number of members of the board from five to seven, was debated at length and finally tabled.

The House.

Speaker Dowd convened the House at 11 o'clock prayer by Rev. W. McC. White, of the Presbyterian church.

There were additional petitions through Representatives Marshall and Clements against near beer and liquor, in clubs.

New Bills.

Marshall: Provide free text books for public school children unable to pay for them. Mr. Marshall appealed for this bill to go to the committee on propositions and grievances but the house insisted on sending it to the committee on education.

Turlington: Encourage road building in North Carolina. Duplicate of the Sikes bill in the senate for the state to underwrite the counties in bond issues for road building through bond issues for money to loan to the counties.

Carr, of Durham: Pay indebtedness of Soldier's Home. Provide headstones for soldiers graves at Raleigh.

For Women of Confederacy.

The bill by General Carr, of Durham, to appropriate $10,000 from the state treasury toward the monument to the women of the Confederacy came with favorable report from the committee on pensions. General Carr was recognized and spoke eloquently for the appropriation which he intends shall provide a monument to be erected in Capital Square in Raleigh. At the conclusion of his address which stirred intense enthusiasm and applause, he asked that the bill go to the committee on appropriations before it comes up on the floor for action. This course was taken.

There was unfavorable report from the committee on public service corporations for the bill to limit passenger fares to two cents on railroads where the companies refuse to allow mileage to be pulled on trains. Also for the bill by Ewart to reduce the charges for sleeping car service. Mr. Ewart gave notice of a minority report to be filed on his bill.

There also came from the committee on counties, cities and towns favorable report on the bill to empower cities and towns to own and operate their water works, light and gas plants and other public utilities without special legislative enactment.

A dollar umbrella for sixty nine cents. Wallace.

MR. M'ADOO ON NEW RAILROAD

Wants Citizens to Discuss it.

Would Prefer That Public Meeting Be Held At Which the Proposition Can Be Thoroughly Gone Into and Decide What Steps, If Any, Shall Be Taken—Believes Road Would Benefit Greensboro.

Some time ago The Telegram had an article regarding a proposed railroad from Greensboro to Roxboro and connecting with the Norfolk & Western and later connecting with the Seaboard Air Line near Norlina. Mr. V. C. McAdoo hands The Telegram the following letter regarding the proposed road:

For years our people have been handicapped by unreasonable freight rates in their efforts to build up a manufacturing and wholesale business. Mr. Respass, a railroad engineer, has recently suggested a plan that should relieve us in some measure. He proposes to build a railroad from here to Roxboro, connecting with the N. & W. R. R., and join a railroad building in from Manson on the S. A. L. R. R. to Roxboro. By carrying through this plan we would have a railroad extending from here directly to Norfolk, Va., putting us between fifty and sixty miles nearer that city than we are now.

I understand that Norfolk is the Gate City or freight rate basing point for this territory, and if such should be the case the nearer we are by rail to that city the more favorable freight rate we should obtain. The territory it is proposed to traverse with this road is from forty to fifty miles wide, and from fifty to sixty miles in length, and is a fine farming section and much of it covered with heavy timber. The building of this line should cause the expenditure of several hundred thousand dollars in this vicinity, and our tobacco market would be greatly enlarged and our furniture factory business revived.

I regard this proposition as the wisest solution yet suggested for the relief of the depressed conditions prevailing here since the panic. I see that money is very cheap and plentiful in the financial centers, and the bond market is better than for years past. There is no doubt in my mind but that this road can be built, provided it shall have the support and encouragement of the people through the territory it is proposed to traverse. It will be necessary for local people to subscribe enough stock to survey and locate the road, and obtain the necessary rights of way, and charter the company. With this done, and the united support of our people, this road can and will be built.

In order to get some expression of opinion from our people upon this project, I desire to hear from as many as possible in the next few days who will attend a public meeting for the purpose of organizing this company and arranging to build the said road as soon as possible.

Respectfully,
V. C. M'ADOO.

CHILD LABOR CONFERENCE

Great Meeting in Birmingham Next Month.

Birmingham, Feb. 9.—The seventh annual child labor conference under the auspices of the National Child Labor Committee will be held in Birmingham, Ala., on March 9, 10 and 11. The leading topics of the conference will be "Unimority in Child Labor Legislation," and "The Conservation of Childhood." Prominent speakers from various parts of the country will be present to discuss the importance of harmonizing the child labor laws of different states and to urge the standards already established where child labor reform has been most successful.

Among the speakers who have agreed to attend the conference are Colonel Roosevelt; Governor Woodrow Wilson; Jane Adams, Hull House, Chicago; Dr. Felix Adler, founder of the Society for Ethical Culture, New York and Chairman of the National Child Labor Committee; Owen R. Lovejoy, General Secretary, National Child Labor Committee; Hon. Charles P. Neill, U. S. Commissioner of Labor; Senator William E. Borah, of Idaho; Mrs. Florence Kelley, Secretary of the National Conference of Charities and Correction; and Dr. A. J. McKelway, of Washington, D. C., Secretary for the Southern States, National Child Labor Committee.

Other prominent speakers who have been invited and whose presence is also anticipated are Hon. A. T. Stovall, Commissioner on Uniform Laws of the American Bar Association, Mississippi; Miss Kate Barnard, State Commissioner of Charities, Oklahoma; Dean Herman Schneider, University, of Cincinnati; Miss Lillian D. Wald, founder of the Nurses' Settlement, New York City; Dean Allen G. Hall, Vanderbilt University; and a large number of educators, factory inspectors, truant officers and others interested in the enactment and enforcement of the child labor laws. The twenty-seven state committees affiliated with the National Child Labor Committee will send delegates and the actual conditions of child labor in coal mines, glass factories, textile mills, sweatshops and street trades, together with the methods of correcting abuses will be fully discussed.

The program will also include addresses from the Governor of Alabama and a number of the leading citizens of Birmingham, including an address of welcome from Mayor Exum.

The conference will be the guest of the Birmingham Chamber of Commerce and plans for making the meeting a notable event are in the hands of a strong local committee under the leadership of Mr. John L. Kaul, chairman.

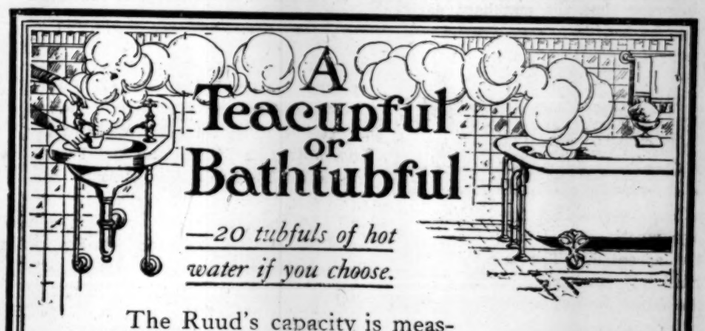
SELLS THEM CHEAPER



A Teacupful or Bathtubful

—20 tubfuls of hot water if you choose.

The Ruud's capacity is measured by the flow per minute, not limited by an iron reservoir.

You get hot water by merely turning the faucet—this is absolutely all you have to do.

Water is heated instantaneously *as it flows* through the Ruud to you.

The Ruud Heats only the Exact Quantity of Water You are Using.

Do you want a teacupful?—The Ruud burns just enough gas to fill it with hot water—and then extinguishes the gas in its own burners and lies idle till you want hot water again. An economical, "self-operating" device.—Its scientific construction will interest you—come in and see it.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is donig wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

DAY 762. PHONES NIGHT 1442

WARFIELD IN SOUTH.

Former Governor and Party Given Hospitable Reception By the People of Columbia, S. C.

Columbia State.

Edwin Warfield, a former Chief Executive of Maryland, who is on a tour of the South, looking over the properties in which he is interested, and also with a view to making further investments, spent a part of yesterday in Columbia.

The party on arrival here was met by Senator Francis Weston, "Joe" Berry Lyles and Miss Sarah Lyles and W. W. Ball, of the State, and were driven to the various points of interest in the city, including the State House, where a call was made by former Warfield on the Governor of South Carolina. A visit was made to Ringwood Club, and afterward luncheon was had on the Governor's car. Mayor Gibbes and James Cathcart were among the guests.

Among other call which the former Governor paid while in Columbia was one upon James Cathcart, who is general agent for South Carolina for the Filedity Deposit Company, of which Mr. Warfield is president.

The companies which Mr. Warfield heads have large interests in the South and his tour is to make an inspection of these. He has not paid a visit to this part of the country since 1893, and he expresed himself as being astonished at the evidences of growth and prosperity he has seen on every hand. This was his first visit to Columbia, and he was delighted with the city.

The gentlemen who met Mr. Warfield were charmed with him. He is a genial gentleman and is thought to bear a striking resemblance to Gen. Fitzhugh Lee. Indeed, he was frequently taken for the great cavalry leader during that general's lifetime. On one occasion, while ridng at the head of the Maryland troops in a parade at Washington, Mr. Warfield was unable to understand why he was cheered so much more lustily than other Governors in the parade. He afterward learned that the crowd had mistaken him for "Fitz" Lee. The resemblance, which is striking at any time, is even more pronounced when the famous Governor is on horseback.

Mr. Warfield and his party left here for Savannah. From Savannah he will go to Augusta, where a special train will await him to whirl him over the Georgia and Florida railroad. Two days will be spent in inspecting this railway, which was built by Baltimore and Southern capital, and observing conditions generally in that territory.

At Valdosta he and his guests will board the private car again and continue the trip to Jacksonville. Trips on both the west and east coasts of Florida are planned, as is also a tour of Cuba. If he decides on the Cuban jaunt he will return by way of New Orleans, stopping en route to Baltimore at Mobile, Birmingham, Atlanta, Norfolk and Richmond.

Tortured For 15 Years.

by a cure-defying stomach trouble that baffled doctors, and resisted all remedies he tried, John W. Modders, of Moddersville, Mich., seemed doomed. He had to sell his farm and give up work. His neighbors said, "he can't live much longer." "Whatever I ate distressed me," he wrote, "till I tried Electric Bitters, which worked such wonders for me that I can now eat things I could not take for years. Its surely a grand remedy for stomach trouble." Just as good for the liver and kidneys. Every bottle guaranteed. Only 50c at Fariss-Klutz Drug Co.

One would think from reading the papers that only one American girl was fortunate enough to marry on Tuesday.

"Blizzard in Chicago forces up price of eggs and butter." We learn a little every day. We had thought that hens were more prolific layers when forced in doors by the weather, but learn now that, like man, they must scratch for results.

President Taft thinks that the Democrats will fall out among themselves, if he gives them that extra session. Most likely he is mistaken, but expressions like this from the opposition serve a good purpose. No one knows better than do the Democratic Representatives and Senators-elect how vitally important it is for them to go into office and remain a harmonious entity.

President Taft says that if a vote is not permitted in both houses of Congress on his reciprocity measure he will call an extra session. It is believed that the lower house will vote favorably upon it, but the Senate, being controlled by the stand-pat Republicans, has not been considered as favoraing its passage. Now, however, since they see that the Democratic Congress will be called, with an almost certain prospect of an early general tariff revision, they will be likely to accede reluctantly to the President's wishes. So that the threat of the President to call an extra session may mean that the Democrats will not have an opportunity at tariff revision until next December.

As a rule, when a poor man manages to borrow money he finds that his condition at the time the note matures is little better than when it was given. If he is fortunate enough to have laid aside the amount required for payment, he has lost at some other point in order to gain the one at hand. If North Carolina cannot raise by some method other than that of bonds the sum required for education, what assurance have we that our children will be both willing and able to bear the burden of a bond issue during the coming years? If some member should rise and propose a bill for the establishment of a state lottery, what amazement, what indignation would find expression in the hall, in the newspapers, in the homes!

South Carolina seems determined to do something by way of atonement for her late mistake of placing a dwarf in the governor's chair. She has more cotton looms and spindles than any other state in the South, and yet, despite the protests of cotton mill lobbyists representing this her greatest industrial enterprise, she has very justly and righteously raised the age limit of children who may work in factories to 14 years. The opportunity to do exactly the same thing for North Carolina is now before our representatives at Raleigh. If we fail to get this needed legislation, let us have done with jibes and taunts directed toward our neighbor state at the south. It may sometimes require a governor of small calibre to teach the people by contrast how great and noble a thing nobility is.

This journal cannot understand why it should be a matter of such all-absorbing importance that North Carolina and a few other states that have increased materially in population should need more representatives at Washington. A State that has increased in population even by 500,000 would be as well represented by nine good representatives as ten. The reason certainly must be more political than practical. There are now 391 members in the more numerous house of the national Congress, and to increase the body to 433, as proposed, would doubtless serve more as a hindrance than it would make for wise and expeditious legislation. Besides, at the present rate of increase of population, if the apportionment is to remain the same, it will be necessary in a few years to build another wing to the capitol, and the body will be so large and unwieldy that it will be well nigh impossible of management and control. But this will not be likely to occur; the alternative will be to raise the apportionment calling for a representative. Why not do it now?

Backache, Rheumatism, Sleeplessness

Result from disordered kidneys. Foley Kidney Pills have helped others, they will help you. Mrs. J. B. Miller, Syracuse, N. Y., says: "For a long time I suffered with kidney trouble and rheumatism. I had severe backaches and felt all played out. After taking two bottles of Foley's Kidney Pills my backache is gone and where I used to lie awake with rheumatic pains I now sleep in comfort. Foley's Kidney Pills did wonderful things for me." Try them now. Howard Gardner.

SHIPLOAD OF FOOD TO BE SENT

Baltimore To Aid Red Cross In Relieving Starving Chinese.

Washington, Feb. 9.—In anticipation of the passage by Congress of a resolution authorizing the secretary of war to provide an army transport for the use of the American Red Cross to send supplies from Seattle for the relief of the famine sufferers in China, a general appeal for contributions was issued by the Red Cross. This will be followed by a proclamation by President Taft as president of the Red Cross Society, calling upon the American people to contribute as best they can for the relief of the millions of people who are reported to be starving in China.

Miss Mabel Boardman, of the executive committee of the Red Cross, announces that this organization will cooperate with the Chamber of Commerce of Baltimore or any other organization in that city which may wish to take up the movement; with the Seatle Commercial Club and similar bodies throughout the country in the collection and shipment of food and clothing. The war department has arranged to have a transport at Seattle for the use of the Red Cross as soon as the resolution passes the Senate.

Mr. Bernard N. Baker, of Baltimore, has been in conference this week with the Red Cross author,ties concerning the raising of supplies and the use of the army transport. Flour, rice, wheat, dried fish and meat are the most suitable foods for shipment. Cheap cotton cloth and cotton wadder for quilted garments are also desired. It is asked that these contributions be shipped to the Seattle Commercial Club or to the nearest Red Cross branch. and all cash contributions should be sent to the headquarters of the Red Cross in Washington. Contributors wishing to ship goods direct to Seattle may appeal to railroads for free transportation to Seattle.

Reports of the spread of the plague and famine reached the state department today from representatives in China. John Fowler, Consul at Chefu, reported that there have been 200 deaths at that port. the deaths now averaging 19 a day and the spread of the plague is increasing. He states that the coming of Chinese from Manchuria is the cause of the spread of the disease. Dr. Strong, a bacteriological expert of the government at Manila, has been dispatched to Manchuria to make a study of the plague conditions and to advise the Chinese authorities as to possible remedies and precautionary measures.

Consul Caldwell, acting consul at Dalny, reported that there have been 66 cases and 60 deaths of the plague at that port. There is no quarantine and the bean trade is crippled by the epidemic.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Cataarh. Hall's Cataarh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

World-Wide Growth of the Boy Scout Movement.

The Boy Scout movement has spread to 21 countries. The appeal of the system for providing fun for boys, educating them mentally and training them morally has been so great that the name of General Sir R. S. Baden-Powell, who developed it with such detail, is known throughout the world. Within less than a year the Boy Scouts of America have grown with remarkable rapidity. Germany now is adopting the Boy Scout system. There the Boy Scout is called the "Pathfinder," but the Germans have taken over almost bodily the handbook worked out by Baden-Powell. The German youngsters are enthusiastic over the project and have joined in such numbers that the Prussian and Bavarian authorities are giving financial aid to the organization. Among the various countries where boy scout organizations are flourishing are France, Russia, Australia, New Zealand, the Argentine Republic, Chile, Peru.

York Is Released.

Yesterday Duke York, the illicit distiller who was arrested near Staley Saturday night, yesterday furnished bond in the sum of $500 and was released from custody. Mr. J. L. Hardin, of Liberty, went on his bond.

Technically Gentlemen.

There is only one strictly technical definition of gentleman—a man entitled to bear coat armor. In the seventeenth and eighteenth centuries it was used with this significance, and the secondhand bookstall hunter will occasionally find "So-and-so, "gentleman," written on dusty and stained fly leaves. But this definition has dropped out, for now any one may use arms who chooses to pay for an arms license. The inland revenue takes your guinea or two guineas without inquiring as to your right to bear arms. And, though the heralds' college has the right to grant arms to those who can afford to pay the necessary fees, i cannot prevent people from using arms to which they have no right.—London Chronicle.

Made Her Pay Well.

A certain queen of Hanover once upon a time when traveling stopped at an inn called the Golden Goose. She remained two days to rest herself and retinue and receive such entertainment as was needed and for the same was charged 300 thalers. On her departure the landlord besought her with obsequious deference to favor him with her patronage on her return.

"If you desire that, my dear man," replied her majesty, "you must not again take me for your sign."

Very "Respectful."

The villagers used to make love in a solid, stolid fashion. "I'm sure, m'm," said a servant to her mistress, "nobody could have had a respectfuler young man nor what Thomas has been to me. We've been courting two years come Martlemass, and he's never yet offered to kiss me!"—From "Recollections of a Yorkshire Village," by J. S. Fletcher.

A Similarity.

"He's quite wealthy and prominent now," said Mrs. Starvem, "and they say he rose from nothing."

"Well, well!" remarked Mr. Border. "That's just what I rose from—at the breakfast table this morning."

Closing the Incident.

Pulsatilla—Your latest young man, I hear, has written a play or two. Has he produced anything yet? Euphorbia—Y-yes; the last time he called he produced a diamond ring.—Exchange.

The greatest homage we can pay to truth is to use it.—Emerson.

Proof.

Kicker—Have you a cook engaged at present?

Snicker—I think so; there's a man out in the kitchen every night.—Harper's Bazar.

THE CHILD LABOR BILL DISCUSSED

Advocates and Opponents Before Legislative Committee on Manufactories Wednesday Afternoon.

Raleigh, Feb. 9.—Cotton mill men representing one and a half million and more spindles appeared before the joint legislative committee on manufacturies last afternoon for a hearing on the Battle bill pending in the house for making the child labor age limit fourteen years and subjecting mills to inspection as to observance of the law by representatives of the state department of labor. Representatives of the State Child Labor committee also appeared and the discussion was lively. Spokesmen for the cotton mill men were J. A. Long, Roxboro, chairman; D. Y. Cooper, Henderson and Alf Thompson, Raleigh. These gentlemen appealed in the name of the North Carolina Cotton Manufacturers' Association for the labor laws to be left as they now are as having good effect and because this time of serious stress in cotton mill business is no time for radical legislation. Interests of parents and children and cotton mill owners are being conserved, Chairman Long insisted, by present law and proposed change would produce idle and deteriating children, cut the revenue of the working people, create strife, engendering labor department inspectors and unjust burden manufacturers with obnoxious affidavits as to observance of law not required of any other class of citizens.

A Mr. Jones, mill foreman from Spray, appealed for a ten hour day law, but urged that there be no change in child labor regulations. He endorsed the position taken by the manufacturers in this matter, insisting the millmen and operatives are partners in business and all parties are well satisfied with present conditions. He made a lengthy and impressive discussion.

J. W. Bailey, of the Child Labor State committee, having been preceded by Representative Battle, author of the bill, Secretary C. L. Coon of the committee and Southern Secretary Hollis, of the National committee, closed the argument for the child labor committee supporting the Battle bill. He insisted that the bill would only bring North Carolina abreast of the times in child labor issues and appealed to the manufacturers to rise to the situation and accept the demands made. If they didn't do so now the fight would be on two years hence and thereafter until accomplished. When he closed it was after six o'clock and adjournment was taken without action on the bill.

A Sudden Death.

Mr. John Sticker, traveling salesman for the Brockway Buggy Company, Homer, N. Y., died suddenly yesterday afternoon at St. Leo's hospital where he was a patient for kidney trouble. He was apparently doing well when death came. The body was taken to the undertaking establishment of Huntley-Stockton-Hill Company and prepared for burial. The remains will be sent to Homer, N. Y., for interment.

A Splendid Showing.

Royster & Fisher, general superintendents of the insurance department, Knights of Pythias, have just been advised by the president of the insurance department that the members of the fifth class would have the waiving of two monthly payments during 1911 which is equal to a dividend of 16 2-3 per cent. This is a splendid showing for the insurance department.

Double Suicide.

Ithaca, N. Y., Feb. 9.—Mr. and Mrs. Jadez Townsend were found dead with bullet wounds in their heads today by their son, Linn Townsend, a student at Cornell University. The Townsend home is about three miles from the city. It is believed by the family that each committed suicide as both had been despondent from fear of a second stroke of paralysis to Mr. Townsend.

Car Plunged Into River; Three Drowned.

Sheboygan, Wis., Feb. 9.—Two women and a child perished and it is feared another woman and a man are still in a street car which plunged into the Sheboygan river at a drawbridge here today. The motorman and the conductor saved their lives by jumping and swimming to the river's bank.

Many a man's virtues wouldn't be suspected if he didn't tell us about them.

HUNG ON EVERY WORD.

Wendling Greatly Pleased Audience At Indianapolis, Ind. — Here Monday Night.

Many people were highly gratified when they learned yesterday that George R. Wendling was to lecture on "Stonewall Jackson" in West Market annex next Monday evening at 8 o'clock. The fame of this lecturer has already been spread abroad in Greensboro, a number of Greensboro people having heard him on one or more occasions. In fact he is regarded as the most popular lecturer in the country, especially on the Southern platform.

When he delivered one of his lectures in Indianapolis, Ind., some days ago the Indianapolis Sentinel said of Mr. Wendling: "Last night the great audience hung on Wendling's every word, as with matchless eloquence he demonstrated that Unseen Realty—the creative power behind the created universe."

Mr. Wendling will deliver his lecture on "Stonewall Jackson" on Monday night and will no doubt be greeted by a large audience, as this is one of his strongest lectures and as Jackson is considered one of the greatest, if not the greatest, heroes of the Confederacy.

Mr. Holton Sworn In.

Before Judge J. E. Boyd yesterday morning District Attorney A. E. Holton, who was recently appointed to succeed himself, took the oath of office, the commission from President Taft having been received. This is his fifth term of office. Mr. Holton is regarded as an able official.

Special Term of Court.

Judge Boyd yesterday called a special term of the U. S. Circuit court to convene here March 21 for the purpose of appraising the property recently condemned by the government for the purpose of enlarging the Winston postoffice. The owners state the appraisement formerly made is not sufficient.

Postponed One Week.

The Moravian ladies' oyster supper and handkerchief sale which was to have been given in the Public Service dining room tonight and tomorrow night has been postponed one week, as the rain of the last few days made it impossible to make the necessary preparations.

Little Boy Improving.

H. J. Elam, Jr., the little son of Mr. and Mrs. H. J. Elam, who was hurt by a fall Tuesday and removed to St. Leo's hospital, is reported as getting along nicely. It was at first feared that an operation would have to be performed, there being indications that he was internally injured.

Mr. Bennett's Funeral.

The funeral of Mr. D. M. Bennett was held yesterday morning at 10:30 o'clock from the late residence, 518 Fifth avenue, Rev. E. K. McLarty conducting the services. Interment was in Green Hill cemetery.

A PRIME FACTOR IN BUSINESS

Business men find a banking account absolutely necessary to the proper transaction of their business accounts.

Besides affording the greatest convenience, and assuring the dispatch in the transfers of moneys, accounts paid by checks insures the payer against any possible loss or wrong payment, and when canceled, is the best receipt to be had. But in addition to the necessity of a bank account, there are many ways in which association with a strong bank can further the interests of any business.

HOW TO CURE ECZEMA, ITCH AND ALL SKIN DISEASES

Don't suffer a moment longer with Eczema, or any form of skin or blood troubles. Don't scratch or rub the skin. Just apply Hancock Sulphur Compound to the affected spots and it will stop the itching at once, and cure the trouble permanently. One 50c bottle will cure that prevalent trouble, Common Itch. Nothing cures skin troubles so quickly as Hancock Sulphur Compound. To beautify the complexion and remove black heads and pimples, use Hancock Sulphur Ointment, 25c. Mrs. Evelyn Parst, of Salem, Va., writes: "Three years ago I had a rough place on my cheek, it would burn and itch. I was fearful it might be of a cancerous nature. I used different preparations, but nothing ever helped it. One bottle of Sulphur Compound cured me completely. I recommend it to any one having any skin disease." WOMAN'S FARMING VENTURE.

Profits from 2,000 Acres Over Which She is Boss.

St. Paul Dispatch.

Miss R. N. Hilman is the active head of a profitable farm of nearly 2000 acres. She was born in St. Paul and for some years was well known as a stenographic reporter. Shortly before leaving for Canada she moved to a Wisconsin farm. Here she became interested in farming. She longed to get out on the Western prairies, so with what capital she possessed she took what she calls a "long chance" and staked her savings on Canadian land.

What she did, she insists, many a girl now working on a small salary can do. With her mother and small brother she went into the country, purchasing supplies in a blind way, for she knew little about farming. She is now classed as one of the large grain growers in the vicinity of Moosejaw.

From small beginnings her land possessions grew. At first it was 45 miles to the nearest railway station. It was a waiting game, but the market came, as it must inevitably come to a fertile country, and now what was once the frontier has a station within easy hailing distance. Miss Hilman's buildings are of stone and cement. The barns have cemented alleys, and it takes a foreman and a staff of four hands to run the place in the dull times and eight men during the busy season.

Miss Hillman is the real head. She rides about the farm and knows what she is doing. Her system of farm accounts shows every day where she is "at" financially, and she can tell you that back in the year 1909 she took off 8,300 bushels on 230 acres and cleaned up over $6,000.

Cottolene

"Nature's Gift from the Sunny South"

It's too late to lock the stable when the horse has been stolen—too late to care for your stomach when indigestion is upon you. Why not take time by the forelock by dispensing with hog lard—the breeder of nine-tenths of all indigestion, and insist instead that all your food be cooked with *Cottolene*—a pure, vegetable shortening which makes healthy, digestible food?

Cottolene comes from the cotton fields of the Sunny South. It is a clean product, protected by patent air-tight tin pails to insure freshness and freedom from contamination. It is recommended by physicians as being fully as healthful as olive oil.

BERNHARDT TO SEE CANAL.

Saw First Sod Turned By De Lesseps And Will Return to Panama.

Wash. Cor N. Y. World.

Sarah Bernhardt, now in her sixty-seventh year, went to Panama with De Lesseps to celebrate the turning of the first sod for the construction of the canal, and yesterday, at a reception given in her honor by the National Press Club announced that she "must return to help celebrate the completion in 1915."

Many leaders of Washington society were present as guests of the club. Ambassador Jusserand, who spoke in English, congratulated the club on receiving the visit at one and the same time of Hamlet, of Cleopatra, of Joan of Arc, of La Tosca, all the great heroines of all ages, reincarnated by the genius of the greatest of French actresses. Mme. Bernhardt made an impassioned speech in French, in the course of which she said:

"I had intended that this should be my last visit to the New World; that it should be the final ringing down of the curtain on my stage career in America; but I wish to show my real appreciation of all I owe to the American people," and for that reason she announced her intention to celebrate the opening of the canal, "that great work which for all time will be a monument to the energy and grit of the American people."

MOTHERS should be careful about colds and coughs that affect their children. It is not only dangerous but absolutely cruel to experiment on little ones with unsafe and untried remedies. The baby as well as the older brother and sister should be given a safe and reliable remedy. Dr. Bull's Cough Syrup is such. A record of cures prove it. There is no danger to the child from its use. Simply give it as directed and it will afford, first, quick relief; second, speedy riddance of the cold and cough. Children like it because so pleasant to the taste, and mothers praise it because so prompt and effective. Homes that have this remedy handy, suffer no terrors.

Health and Happiness shared by Child and Mother.

Chicago, Ill.—Mrs. J. H. Brenstein, 188 N. Marshfield Ave., writes: "I use Dr. Bull's Cough Syrup mainly for the baby's cough and cold. He had several colds this winter and the syrup cured him each time. I have also used it for myself for a sore throat, cough, and cold in the head, and found relief. I came to know Dr. Bull's Cough Syrup when I was small, and mother used it for our colds and coughs; so you see I must be satisfied with it.

MOTHERS, if you or one of the children have a cold or cough, hoarseness, bronchitis, croup, whooping-cough, grippe, etc., first *test* that trustworthy remedy, Dr. Bull's Cough Syrup, before you spend any of your money.

Three Killed In Unusual Manner.

Chicago, Feb. 9.—A man's body hurled through the air when struck by the Overland Limited train, killed another man last night and seriously injured a third. The man struck by the locomotive was Edward Donahue, foreman of a gang of laborers. He survived the effects until today. The train on its way to the Pacific coast had not yet cleared the Chicago & Northwestern Railroad yards here when the accident took place. Donahue and fifty of his men were at work cleaning snow from the track. The foreman apparently saw the locomotive approaching but before he could escape he was struck and his body shot through the air, knocking over the two other workmen who were 15 feet distant.

Reformed Church Philatheas.

The regular monthly meeting of the Philathea class of the First Reformed church was held Tuesday evening at the home of Rev. Shuford Peeler, teacher of the class. The business was first transacted, and a very pleasant social hour followed. The young ladies were then invited into the dining room where delicious refreshments were served by the hostess, Mrs. Peeler. Soon after the class adjourned, all declaring that they had passed a most enjoyable evening.

RICHARD MOORE WEDS

Well Known Young Man United in Marriage To Young Lady From Danville.

Last night at 9 o'clock at the home of Mr. and Mrs. J. I. Scales on Lyndon street Miss Ruth Crawley, of Danville, Va., and Mr. Richard I. Moore, of this city, were united in marriage. Rev. Melton Clark, pastor of the First Presbyterian church, officiated.

Miss Crawley is the daughter of Mr. and Mrs. G. W. Crawley and is one of Danville's most beautiful and popular young ladies. She has recently been visiting her sister, Mrs. Wilson, who resides in the city and is well known in Greensboro.

Mr. Moore is the son of Mr. and Mrs. J. Rich. Moore, of Northern Guilford, and one of the most promising and prominent younger business men of Greensboro. He is now connected with the Greensboro Loan and Trust Co. and prior to this time was deputy clerk of Superior court for four years.

Friends of the young people both here and in Danville wish for them a happy and safe voyage through life's seas.

Mr. and Mrs. Moore will reside for the present with Mrs. J. I. Scales, a sister of the groom.

Mr. and Mrs. J. Rich. Moore attended the marriage, which was a quiet one.

Serious Automobile Wreck at Charleston

Charleston, S. C., Feb. 9.—City Forester Rollo G. Murdoch, and two friends were badly injured early today when an automobile in which they were riding crashed into a fire hydrant and then into a trolley pole on King street. Murdoch sustained internal injuries, the steering wheel being jammed against his stomach; he is in a hospital resting easily. H. T. Siebels, of Columbia, and A. D. Cohen, of this city, were less seriously hurt. The machine was badly damaged.

ZION LACE INDUSTRIES, ZION CITY, ILLINOIS

ZION LACES and many interesting features in their manufacture are on exhibition in one of our show windows. This display is educational and every person should see it.

From 3,400 to 4,500 bobbins are required to thread one lace machine, besides the beam and warp, making a total—when the machine is threaded—of 13,000 threads in actual work. When a machine is fully threaded there are 6,700 miles of cotton on it, enough to reach from here to England and nearly back again.

See the illustrations of the various machines in operation—where they take in the thread and turn out the dainty, attractive laces—also skeins of yarns, yarn spools—pieces of lace just as they come from the machines. Especially interesting is the process of clipping, scalloping and separating. The exhibit is so unique and the values so unusual that a visit will be of material interest to you.

This Sale of Lace Begins Monday 8:30

Will be glad to have you come, look them over; think you will find it time well spent.
